Available EXW Europe

Price: Eur 289,000

Sidel SBO 16 Series 2 (2000)

16 Cavity Reheat Blow Moulding System

Technical Specifications	
Cavities	16
No. of Ovens	16
Production Capacity	20,800 bph
Installed Power	466 kW
Voltage/Frequency/Phase	400/50/3 V/Hz/Ph
Blow Module Weight	20,000 kg
Control Cabinet Weight	1,500 kg
Preform Infeed weight	3,600 kg
Total Weight	25,100 kg

Includes:

- Preform Tipper
- Preform Hopper/Elevator
- Mould Chiller
- Quick Change

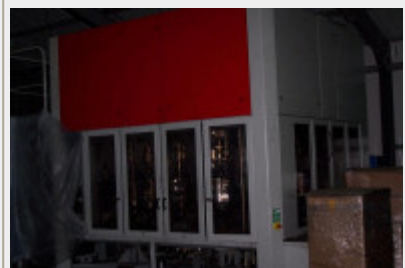

Working hours : approx. 20,000 hours. Set for 28mm PCO neck finish

Will be delivered revised (wear & tear parts to be replaced).

No compressor or blow moulds included.

Available EXW Europe

Price: Eur 369,000
